Section B: About the Organization

Short Description (3–5 lines):

Al Ummah Basic School, established on **16th MAY 2008**, is dedicated to nurturing a knowledgeable, united, and morally grounded Muslim community. Through its **Madrassah, Primary and High School, Islamic College, and Mosque**, it provides comprehensive religious, academic, and spiritual development. The Society stands for **faith, education, unity, integrity, and service**, serving Muslims of all ages and backgrounds while empowering future generations to contribute positively to society.

Full Description / History:

Certainly. I would add this as part of the Society's community-service commitment:

AL UMMAH BASIC SCHOOL

Established: 16th MAY 2008

Al Ummah Basic School was established on **16th MAY 2008** with a commitment to developing a strong, united, educated, and morally upright community. Since its establishment, the Society has sought to provide an environment where individuals can grow in their **faith, knowledge, character, and sense of responsibility** to both their community and society at large.

At the heart of Al Ummah Basic School is the belief that **faith, education, and service are essential foundations for the development of individuals and communities**. The Society therefore brings together religious education, academic learning, worship, and community development under one institution.

Our Facilities

The Society provides a comprehensive range of facilities designed to serve the spiritual, educational, and social needs of the community:

- **Madrasah** – providing Islamic education and nurturing a strong foundation in Qur'an, Islamic teachings, values, and practice.
- **Primary and High School** – providing quality academic education while integrating Islamic principles, discipline, ethics, and character development.
- **Islamic College** – providing advanced Islamic learning and developing individuals with deeper knowledge and understanding of Islam.
- **Mosque** – serving as a centre for worship, spiritual development, learning, fellowship, and community activities.

What Al Ummah Stands For

Al Ummah Basic School stands for **Islamic faith, knowledge, unity, integrity, compassion, discipline, and service**. It seeks to develop individuals who are confident in their faith, committed to excellence, respectful of others, and prepared to make a positive contribution to society.

The Society recognizes that the strength of a community depends not only on its institutions, but also on the **character, education, wellbeing, and unity of its people**. For

this reason, Al Ummah places strong emphasis on developing both the spiritual and intellectual potential of those it serves.

Who We Stand For

Al Ummah Basic School stands for and serves the **Muslim community as a whole**, extending its services across generations—from young children beginning their Islamic education to students pursuing academic and Islamic studies, families seeking a place of worship and community, and adults seeking opportunities for spiritual and intellectual growth.

Importantly, the Society's commitment to community welfare extends **beyond the Muslim community**. Al Ummah Basic School seeks to assist and support **both Muslims and non-Muslims**, particularly through community assistance, charitable initiatives, educational support, welfare activities, and other forms of humanitarian service. This reflects the Society's commitment to **compassion, humanity, peaceful coexistence, and service to all members of society**, regardless of their religious background.

The school particularly seeks to empower **children and young people**, recognising them as the future of the community. Through education, mentorship, and character development, it aims to equip them with the knowledge, values, skills, and confidence needed to become responsible and productive members of society.

Our Commitment

Since **16th May 2008**, the Society's commitment has remained centered on one fundamental purpose: **to build a better community through faith, education, unity, compassion, and service**.

Through its Madrassah, schools, Islamic College, and Mosque, Al Ummah Basic School continues to provide a foundation where people can **learn, worship, grow, connect, support one another, and serve humanity**. Its work reflects a belief that a stronger community is one where **everyone has the opportunity to learn, grow, and receive support when they need it**.

Mission & Vision:

Our Mission

To promote Islamic values, quality education, spiritual growth, community unity, and social wellbeing by providing accessible religious and academic education, places of worship, and meaningful support to Muslims and the wider community, while nurturing individuals who are knowledgeable, responsible, compassionate, and committed to serving humanity.

Our Vision

To be a leading centre of faith, education, unity, and community development, producing generations of spiritually grounded, academically capable, morally upright, and socially responsible individuals who contribute positively to their communities and society at large.

Section C: Services & Programs

Services Provided (bullet points):

Services & Programs
